Setting Standards in Petcare

Setting Standards in Petcare

The First Ultra Modern Hospital for Pets

Welcome to the first of its kind state-of-the-art veterinary care facility in Gurgaon. An exclusive hospital for pets that is equipped with the best in class equipment, manned by experienced professionals, totally geared to provide comprehensive care for your pets.

Spread over an area of 1.25 acres, the hospital comprises of over 17,000 sq.ft. of covered area that is fully airconditioned. It is the only facility in Delhi NCR that provides 24x7 emergency care facilities.

It is a well integrated facility that includes a full fledged OPD and a well laid out in-patient area.

State-of-the-art Equipment and Services

While the hospital is equipped with the most advanced facilities like CO2 laser surgery and video aided endoscopy to provide advanced critical care for your pet, it also provides basic services like vaccinations, kennel services, grooming parlour facilities, just to name a few.

A full spectrum of diagnostic and investigation services is also available in-house, that includes Computerised Radiography, Ultra Sound, Echo-cardiography, Biochemistry, Microbiology, Pathology etc.

Professional Veterinary Care for your Pet

The facility is manned by a team of experienced veterinary specialists, ably assisted by qualified technicians and well trained support staff, who treat and take care of your pets with love and compassion that they deserve.

In short, when you come to CGS Hospital with your pet, you are not only assured of the best in petcare but a whole new level of experience in client service as well.
