Story in Focus

A Courageous Cat: The Story of Aju

Aju, a community cat in Noida, was struggling to urinate for a few days when she was brought to Pasha Wing at the CGS Veterinary Care Hospital, Gurugram. She was immediately stabilised and admitted for further diagnosis and treatment. Aju underwent a perineal urethrostomy surgery, following which she was provided with intense care and treatment by the CGS team.

Aju is recovering, is pain free and happy to be integrated back in her community.
